

HISTORIC SIGN APPLICATION

Signs are available to owners of buildings that are locally designated historic structures that are 50 years older or older; any National Register listed building; and any contributing building within a National Register Historic District. Applications may be considered for buildings that do not meet the above criteria, but they must retain enough of their historic materials and appearance to qualify for a sign on their own.

The cost for a historic sign is \$40. Make checks payable to **City of Montgomery**.

Please provide the following information. If the date of construction is not available on a deed or abstract, contact the Montgomery Water Works (206-1600) and request the date water service was extended to the property; or use the Montgomery County Revenue Commission's Property Tax search (<http://revco.mc-ala.org/>) to find building information.
